Introduction

Apex Lubricant is a leading Lube Oil Supplier on the West Coast of India, the company offers services as Clearing & Forwarding Agents (C&F) & the Official Suppliers of Lubmarines (France). With a supply operation for more than 15 years the company is supplying to many Multinational and Indian PSU Company.

Apex Lubricant is covering the supply to the whole of Gujarat, having sound storage, and warehouse infrastructure along with logistics support, the company provides service / delivery 24 hours round the clock at all ports in Gujarat. Apex Lubricant is a part of Bapus Group of companies and has been in shipping business since 15 years. Bapus Group of Companies also operates a fleet of MBC & Barges.

Apex Lubricant delivers Service 24 hours round the clock at all ports in Gujarat.

Lube oil is a one of the most essential elements for operating any kind of machinery on board ship. Lube oil is responsible for lubrication and cooling of the engine parts making it the most key element for any kind of shipping machinery operation, Apex Lubricants play the key role to supply to the shipping industry with its operation and head office at Gandhidham, very close to the ports of Kandla and Mundra in Gujarat. Moreover with its strong supply network and infrastructure the company is always prepared to fulfill requirement for any type of shipping vessel arriving on Western Ports of India.

APEX LUBRICANT has also been appointed as C & F Agent by HPCL. Hindustan Petroleum Corporation Limited, one of India's frontline oil majors, committed to providing energy and fueling growth in every significant area of development. HP Lubricants are borne out of an intense and unrelenting R&D effort, which aims at producing quality products that enhance performance standards. HPCL also has a strategic technology Tie-up with Total Lubmarine of France, to manufacture and market Marine Lubricants in India.

As a part of our customer support activity, Apex Lubricant provides sound technical knowledge believes in sharing and sharpened skilled support. Apex Lubricants also provides services of a dedicated team of marine engineers to assist the crews with on board visits to solve any lubricating issues when required. As a part of the Lubmarine protocol, Apex Lubricant also establishes a close follow-up of the on-board equipment with an updated Lubchart. This advantage guarantees our customers a genuine level of improvement in their equipment reliability.
